Chief Judge Timothy M. Tymkovich
10th Circuit Court of Appeals
Byron White Courthouse
1823 Stout Street
Denver, CO 80257

Dear Honorable Chief Judge Tymkovich:

The nation watched Brett Kavanaugh's confirmation hearing on September 27th. It heard Judge Kavanaugh, under oath,

- Shout and behave disrespectfully toward Democratic members of the Senate Judiciary Committee
- Vow vengeance on the Democratic Party and those who opposed his nomination ("what goes around comes around")
- Misrepresent the sworn testimony of his credible accusers
- Apparently misrepresent his history of alcohol consumption and its effects on his conduct

We understand that the evaluation of these charges is now in your hands. We urge you to make your findings public to assure us that the judiciary is fair and unbiased.

Sincerely,
